Educational Opportunities

The Parent/Guardian may request an Independent Study due to an emergency, vacation, or illness. Independent Study may be used on a short-term basis to ensure that the student is able to maintain academic progress in his/her regular classes.

(cf. 5113 - Absences and Excuses)

The district shall not provide independent study students and their parents/guardians with funds or items of value that are not provided for other students and their parents/guardians.

(Education Code 46300.6, 51747.3)

Equivalency

The district's independent study option shall be substantially equivalent in quality and quantity to classroom instruction, thus enabling students participating in independent study to complete the district's adopted course of study within the customary time frame. Students in independent study shall have access to the same services and resources that are available to other students in the school. (5 CCR 11701.5)

(cf. 0410 - Nondiscrimination in District Programs and Activities)

Eligibility

A student's participation in independent study shall be voluntary. (Education Code 51747)²

Full-time independent study shall not be available to students whose district residency status is based on their parent/guardian's employment within district boundaries pursuant to Education Code 48204. (Education Code 51747.3)

(cf. 5111.12 - Residency Based on Parent/Guardian Employment)

A student with disabilities, as defined in Education Code 56026, shall not participate in independent study unless his/her Individualized Education Program specifically provides for such participation. (Education Code 51745)

(cf. 6159 - Individualized Education Program)

No temporarily disabled student may receive individual instruction pursuant to Education Code 48206.3 by means of independent study. (Education Code 51745)

Students who have a temporary disability which makes attendance in the regular day classes or alternative education program in which the student is enrolled impossible or inadvisable shall receive individual instruction provided by the district in which the student resides. The individual instruction will be provided in the home, in a hospital or other residential health

facility, excluding state hospitals, or under other circumstances prescribed by regulations adopted for that purpose by the State Board of Education

(cf. 6183 - Home and Hospital Instruction)

Criteria for Participation

Students who are interested in independent study should contact their school principal. Approval for participation shall be based on the following criteria:

1. Evidence that the student will work independently to complete the program.
2. Availability of experienced certificated staff with adequate time to supervise the student effectively.
3. A student whose academic performance is not at grade level may participate in independent study only if the school is able to provide appropriate support, such as supplemental instruction, tutoring, counseling, ongoing diagnostic assessments, and/or differentiated materials, to enable the student to be successful.
4. For an elementary student, the Superintendent or designee may consider the parent/guardian's level of commitment to assist the student.

Written Agreements and Assignments

A written agreement shall be developed for each student participating in an independent study of five or more school days. (Education Code 46300, 51747)

The written independent study agreement for each participating student shall include, but not be limited to, all of the following: (Education Code 51747)

1. The manner, frequency, time and place for submitting the student's assignments and for reporting his/her progress.
2. The objectives and methods of study for the student's work, and the methods used to evaluate that work.
3. The specific resources, including materials and personnel, that will be made available to the student.
4. The district's independent study policy describes the maximum length of time allowed between an assignment and its completion and the number of missed assignments which will trigger an evaluation of whether the student should be allowed to continue in independent study.
5. The duration of the independent study agreement, including the beginning and ending dates for the student's participation in independent study under the agreement must fall between *a minimum of five (5) consecutive school days and may not exceed more than one school year*. (Education Code: 46300 (e) and 51747)

6. A statement of the number of course credits or, for the elementary grades, other measures of academic accomplishment appropriate to the agreement, to be earned by the student upon completion.
7. A statement that independent study is an optional educational alternative in which no student may be required to participate.
8. In the case of a student who is referred or assigned to any school, class or program pursuant to Education Code 48915 or 48917, the agreement shall also include the statement that instruction may be provided through independent study only if the student is offered the alternative of classroom instruction.

(cf. 5144.1 - Suspension and Expulsion/Due Process)

The curriculum and methods of study specified in the written agreement shall be consistent with the Governing Board's policies, administrative regulations and procedures for curriculum and instruction. (5 CCR 11702)

(cf. 6143 - Courses of Study)

The agreement also may include a schedule for achieving objectives and completing the agreement and a schedule of conferences between the student and supervising teacher. Conferences may be conducted by electronic means.

Before beginning the independent study, each written agreement shall be signed and dated by the student, the parent/guardian or caregiver of the student, the certificated employee designated as responsible for the general supervision of independent study, and all persons who have direct responsibility for providing assistance to the student. (Education Code 51747)

The agreement shall state that the parent/guardian's signature confers his/her permission for the student's independent study as specified in the agreement.

Student Rights and Responsibilities

Students participating in independent study shall have the right, continuously, to enter or return to the regular classroom mode of instruction.

Independent study students who are late, miss scheduled conferences, or do not submit assigned work on time shall not be reported as tardy or truant. However, the independent study administrator shall promptly and directly address any failure by the student to meet the terms of his/her written agreement. The following supportive strategies may be used:

1. A letter to the student and/or parent/guardian, as appropriate
2. A special meeting between the student and the teacher and/or counselor
3. A meeting between the student and the administrator, including the parent/guardian if appropriate
4. An increase in the amount of time the student works under direct supervision

When the student has missed the number of assignments specified in the written independent study agreement as precipitating an evaluation, the Superintendent or designee shall conduct an evaluation which may result in termination of the independent study agreement, with the student's return to a regular classroom or alternative instructional program.

(cf. 1312 - Complaints Concerning the Schools)

(cf. 1312.1 - Complaints Concerning District Employees)
