## **Governing Board Protocols**

---

*Approved:*

## Governing Board

A governing board represents the community and is responsible for setting the direction of a school district, overseeing its operations, ensuring accountability, and advocating for the needs of students by making key decisions regarding education policy, budget allocation, and personnel, while communicating progress and updates to the public at large; essentially acting as the community voice in public education decision-making.

## The Role Of The Board

The Cambrian Board of Trustees works with the Superintendent to:

- Provide direction for the district
- Establish District policies and procedures
- Ensures accountability
- Provide community leadership on behalf of the district and public education

## Governing Board Protocols

The Cambrian Board of Trustees have established rules, procedures, and guidelines to dictate how individual Members of this Board agree to conduct both the public's business and themselves.

The Superintendent agrees to:

- Supply the requested information to ALL Board Members, as necessary.

## Request for Information From the Superintendent

Board Members respect that the Superintendent's job is to work for the education of the students and that time must be spent in a focused manner.

The Board Members agree to:

- Text or email the Superintendent with questions.
- Self-monitor requests to assure one person's request will not divert an inappropriate amount of the Superintendent's time.

The Superintendent agrees to:

- Share all information on Board Members' requests with all Board Members, as necessary.

## Response to Community

The Board agrees to:

- Listen openly, being careful to remain neutral.
- Remind staff and members of the community that no individual trustee has the authority to solve the issue or concern.

- Encourage addressing this with the person at the lowest level who can most directly help them with their concern: e.g. Teacher, Principal, Director, Assistant Superintendent, or Superintendent.
- As appropriate, explain the District complaint or grievance policy and procedure
- Acknowledge the manner in which the complaint was received.
- Share with the Superintendent, who will then share with the Board if appropriate.
- Ensure the confidentiality of the person bringing the concern.

The Superintendent agrees to:

- Investigate the concern and advise the board when any action is taken.

## Role in Public

No individual member of the Board will speak for or in the name of the total Board unless by explicit direction of the Board. When a Board decision has been reached, all Board members, even those who may have voted against it, will support that decision until amended or rescinded by Board action. *Board Bylaw 9010*

- Board Members discuss board agenda items **ONLY** at board meetings and not at outside activities.
- If a Board Member becomes aware of something at a site that might need attention, ~~he/she~~ **they will** refer that item to the Superintendent.

## Cell Phone Use During Board Meeting

The Board agrees to:

- Place cell phones on 'silent' or vibrate.
- Use phone only when absolutely necessary.
- Step outside to take or make an emergency call.

## Visiting Schools

Board members are present in classrooms and other District Offices to observe and learn, not to openly question operations and activities. Questions about specific events observed should be shared with the superintendent so as not to convey to staff a Board member's role as 'management' of the District.

- Board members ~~will advise~~ **shall arrange a time with** the school site administrator **or Superintendent for a mutually agreed upon time that for the visit**
- Although the Board is assigned a 'Buddy School,' Board members are free to visit any of the district's schools.
- Principals **and/or Superintendent** will, ~~as appropriate,~~ accompany the Board member during the visit.
- Principals are encouraged to debrief with a Board member at the end of the visit to put what the Board member has observed in context and answer any questions.

## Office Hours

The Governing Board realizes the importance of transparency and accessibility to the community. ~~We~~ **The Board** believes that implementing Board Office Hours with community members will promote accessibility and allow for open dialogue on current and high-priority needs. Brown Act requirements state that board meetings are open to the community. All Board discussions, except those of a confidential nature, must be held in public with a majority of the Board. Board Office Hours allow for two-way communication in a less formal setting and are open to staff, students, and community members.

- The Board will create a schedule at the first meeting of the new school year to set dates and times for office hours. Meetings will be posted on the district and school websites.
- A designated room will be chosen and publicly posted at each school site. The community is welcome to attend a meeting at any site.
- Due to Brown Act restrictions, only two (2) Board members can attend a single meeting.

### Additional Requirements And Guidelines:

- To ensure compliance with the Brown Act, Board members will not communicate the content of these meetings to other Board members individually but report out as a whole at a duly agendaized Board meeting.
- Please remember that the Board can only take action with a majority vote **or agreement** of its members. Therefore, statements by individual Board members represent the view of that member only, not the Board as a whole.
- Because of Brown Act restrictions, no decisions can or will be made during Board Office Hours. Decisions will only be made during duly agendized Board meetings.

- Since the Brown Act only allows a Board majority to meet in a duly agendized meeting, the best time to address the Board as a whole is at a public Board meeting or in writing.
- ~~There is no guarantee that~~ Conversations during Board office hours ~~will be~~ are not confidential.
- Please be courteous and respectful. While ~~we~~ **the Board** might not agree on every issue, ~~we~~ **they** share the common goal of providing our students with the best education possible.

#### Appropriate Office Hour Topics:

- Priorities, goals, and/or policies of the district.
- ~~Any issues that one is unable to resolve through appropriate channels, contact the Superintendent's office. Only if you are unable to resolve the issue with the Superintendent would you then involve the Board.~~
- Any issues that are unable to be resolved through appropriate channels, will be directed to contact the Superintendent's office. The Board would only be involved if the Superintendent cannot resolve the issue.
