2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Steindorf STEAM School is a kindergarten through eighth grade school that opened in August of 2016 where high standards and success for all is expected, supported and achieved. Grounded in Project Based Learning and STEAM practices, Steindorf's program design consistently engages students in the innovation skills of creativity, collaboration, critical thinking and communication. Through Project Based Learning, students gain knowledge and skills by working for an extended period of time to investigate and respond to an engaging and complex problem that features real-world context, tasks or interests. Learning occurs in a safe, comfortable environment where students are known, valued and cared for. Steindorf's environment allows for all students to achieve in a variety of ways to meet each child's social and academic goals. Collaboration is evident throughout our school community. Staff, teachers, parents, and students, as well as the broader community work together to realize the Steindorf vision. In order to meet our goals the Steindorf community (parents, teachers/staff and students) work together to build a common language and criteria of success. Formal and informal opportunities for fluid communication of input and feedback are provided in order to monitor progress and improve programming as needed.

Cambrian School District Vision Statements

- Our District has high standards where success for all is expected and achieved.
- Our District models global citizenship teaching real world connections and practical applications.
- All students achieve in a variety of ways to meet social and academic goals.
- Collaboration is evident in all facets of our school community.
- Everyone is a role model for life long learning.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Steindorf reopened in August of 2016. Measure I was passed in June of 2015 with the purpose of renovating the site. A new administration building, one additional classroom, and a Maker Lab wing was added to the site. Street lighting was improved and a new parking area was paved. The school installed items to meet LEED Silver standards in Nov 2018. The site is approximately 10.5 acres. New perimeter fencing was installed around the campus. Steindorf has been open for 4 years and is in exemplary condition as it is completely new construction.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

There are numerous opportunities to be involved at Steindorf STEAM School. Steindorf School provides several formal meetings in which parents can provide input to the school such as Home and School Club Meetings, Principal Coffee's, ELAC Committee and School Site Council, We have approximately 20-25 parents on campus daily, helping in classrooms with small group instruction, supporting our Project Cornerstone-ABC reader program, supporting our middle school students during innovation time, visiting an exhibition of a Project Based Learning, supporting our milage club, or garden to name a few. We also make sure to provide surveys for parents to give feedback after classroom and/or school events. In addition for parents who are unable to attend school events we are the beginning stages of implementing a digital portfolio system. The Steindorf Home and School Club provides a variety of opportunities for parents to be involved in the school from the Home and School Club Board, Coordinator positions, helping organizing community events, teacher luncheons, etc. Lastly, we ensure a warm and welcoming environment where parents feel cared for and valued along with their students.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Expulsions						

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Cambrian is a small school district with a long history of creating a safe learning environment. Absenteeism is less than 4% a year; suspensions are less than 1% for the school. Steindorf students and staff are aware of safety plans should emergencies arise and they complete practice drills regularly. Students and staff practice fire drills once a month, an earthquake drill twice a year as well as a lockdown drill once a year. Cambrian partners with other agencies to provide a safe environment, which promotes learning. In addition, the school is sensitive and proactive about medically sensitive issues, such as peanut allergies, and trains staff on how to manage such situations.

Our Comprehensive School Safety Plan is compiled and reviewed by the Safety Plan Committee made up of the principal, teachers, and parents. School Site Council reviews the plan and a representative signs off on the plan. This plan includes information regarding annual safety goals, child abuse, and neglect, emergency and disaster procedures and actions, Expected Behavior, School Discipline, Suspensions, and Expulsions, Safe Ingress and Egress, and Equal Opportunity, Hate Crime, and Harassment. This plan was last discussed and updated with School Site Council on January 19, 2021.

Professional Development

District-wide staff professional development is reflective of students, staff, school, and district's goals and needs. Professional learning activities are designed to engage teachers in learning and implementing best practices that benefit student learning in alignment with district goals. These opportunities for professional learning include the following:

- Achievement Teams
- K-8 Articulation Days (Teacher Inservice Days)
- Weekly District/Side/Grade Level Collaboration Time (Early Release Days)

Staff development is designed in our primary areas of focus: Common assessments, English Learner instruction, questioning for critical thinking, and mathematical understanding. Using CCSS assessments, professional development is aligned with district, school, and/or individual professional needs to ensure teachers have the adequate background, skills, and materials they need to support student learning. When new programs are introduced (e.g. math, science or language arts), specific time is dedicated to staff development to ensure the even and effective implementation of the program. (10 days including 2 hour early release days)

In addition the Steindorf staff has been and continues to be trained by the Buck Institute of Education in Project Based Learning. In addition, general education teachers are focused on attending STEAM conferences. The Special Education Team is focusing on social thinking, autism and ADD workshops. K-5 teachers and 6-8 ELA teachers are being trained in Readers Workshop. The Steindorf staff has self selected an achievement team from one of the following focus areas..STEAM/NGSS, GLAD/ELD, Math, PBL or Readers/Writers Workshop. Each team is made up of cross curricular/grade level members. The teams are designed to recognize strengths, common practices and develop next steps. This work will guide professional development decisions for 20-21school year.

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
